ARNE/SWANAGE

Saturday July 17th 2021

This ride out was on one of the hottest days of 2021.

We made our way through West Stafford to view

Julian Fellows substantial residence.

Stopped to view

Lawrence of Arabia's grave at Moreton.

Travelled on to Arne R.S.P.B. Nature Reserve.

Very disappointed when we arrived to find out that there was now an entry fee!

Rode onwards to Stoborough Heath arriving at Swanage for our most welcome ice cream!

Went on back through Corfe Castle and the Army ranges, calling in at Tyneham, (the long lost village).

Back on the bikes enjoying the cooling breeze again on our way home.
