

# Somerset Levels/Cheddar

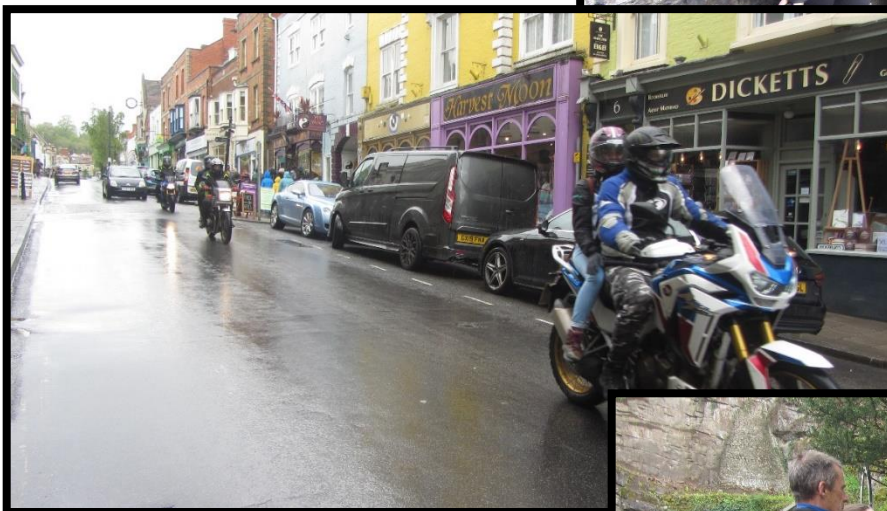

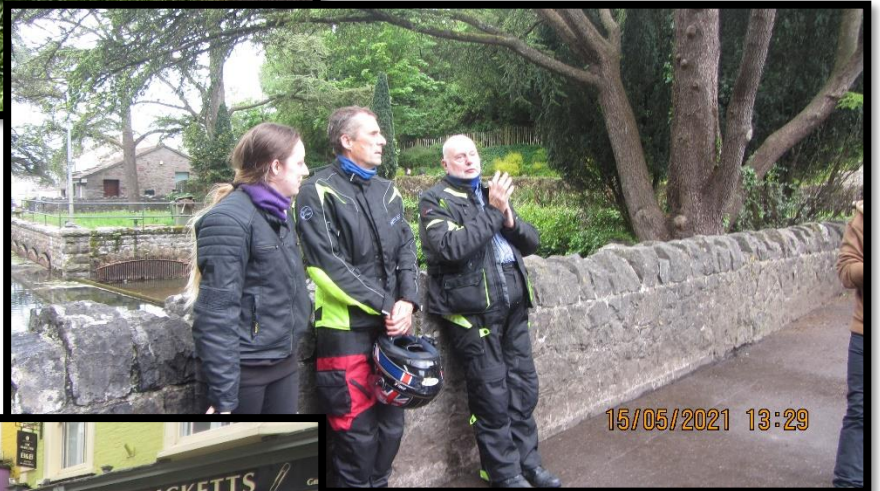

## Saturday May 8th

Our first rainy day ride out as we headed out of Asda towards the Levels.

Good attendance non the less!

Rode through the levels which were looking fresh and green, towards Cheddar.

Had our coffee stop in Cheddar which wasn't crowded but for a few tourists walking about.

Our scenic homeward route included riding through Wells, Glastonbury and Castle Cary.

A good day's ride out despite the wet weather.
