

FOWLERS OF BRISTOL/CHEDDAR

SATURDAY 16th OCTOBER 2021

Stopped to admire Chew Valley Lake on our way to Fowlers.

Worth looking at on a calm day with the sun shining on us.

All enjoyed our usual coffee and a natter at Fowlers while watching the bikes coming and going.

Had a good look round, admiring the good selection of Triumphs before we left.

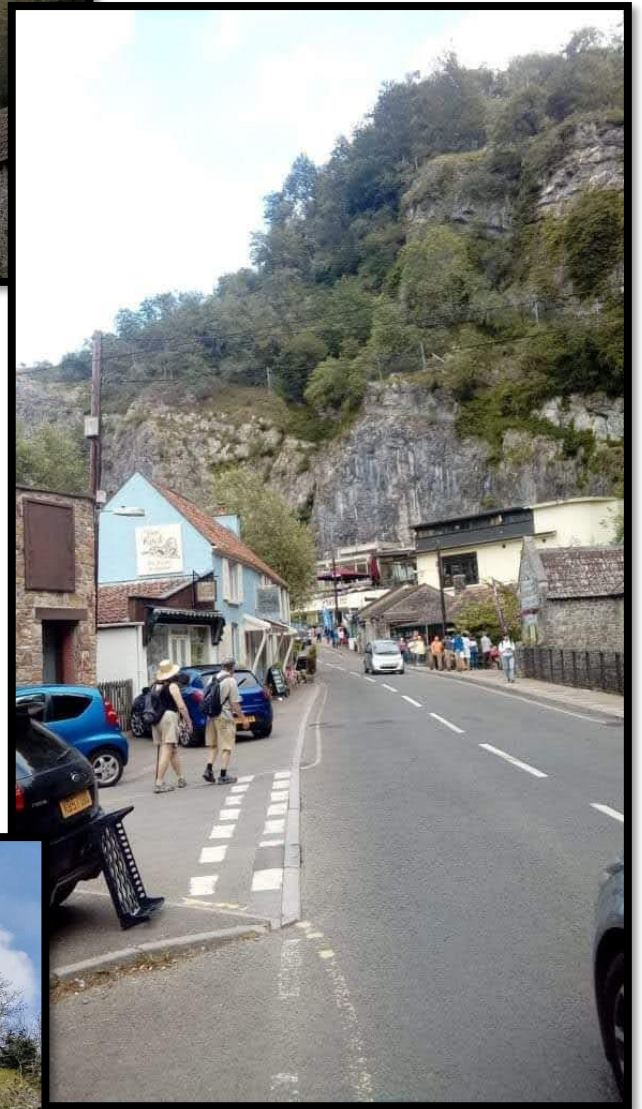

Cheddar Gorge next, always spectacular! Plenty of goats and sheep on the steep hills.

Quite a few tourists to avoid.

We stopped halfway up for a refreshing ice cream.

Took the scenic route homeward, via Wells and Glastonbury.
