# Red Kites in the Black Mountain

# Sunday March 20th 2022

Another brilliant day weather wise with a good attendance on this Wales ride out.

Made our way to Abergavenny for our first comfort stop. We took the scenic through the Brecon's stopping for a photo shoot at Bethlehem, until we reached the Red Kite Feeding Station.

We watched the spectacular feeding of the Kites then went for lunch nearby before making our way up and over the Black Mountain which was very impressive.

More scenic routes followed as we made our way back to Monmouth fitting in another coffee stop, then refreshed made our way home. A good day had by all.
