

Mystery Tour July 18th 2020

Arrived at the surprise location, Connaught Gardens (the clock tower), Sidmouth.

Extremely pretty, the ride well attended with a variety of people and bikes.

Very interesting place to walk around, especially for those that hadn't seen it before.

The weather was with us too, lovely and warm.

We returned home via the coast road.

I hope a good day was had by all!

Cheers Tony (Pan Euro)
